

ABM Knowledgeware as 'E-governance partner' in Lucknow Smart City summit,

17th August 2017

ABM Knowledgeware played an active role as 'E-Governance Partner' during the Smart City Summit held at Lucknow on 17th August 2017.

Govind Singh Chauhan, Executive Director (BD) represented ABM and gave his view on 'Role of new technologies & e-governance for Smart Cities'. He emphasised that Government should focus first on back office then on revenue which automatically results into citizen-led smart Governance. Government should make back office strong to stabilise the revenue which will eventually help the government to complete the projects on time for its citizens.

Shri Suresh Kumar Khanna, Hon'ble Minister of Urban Development, Govt. of UP was the chief guest during Lucknow event. Apart from this, Neeraj Rathi, Business Development Manager, ABM was the part of Chandigarh & Lucknow Summit respectively and looked after ABM visitors very well.

ABM subsidiary 'Instasafe' also took part during Lucknow event and shared its view on 'Importance of Cyber Security'
